EDITORIAL

2025 – A Truly Memorable Edition. What began with heavy rain forcing us to cancel the first day's matches most successful editions yet. With a few birthdays to celebrate along the way, the atmosphere was nothing short of festive.

From Friday's lively parade through the streets of the town to a sun-filled weekend, we welcomed a record number of spectators who brought incredible energy to the event.

The demand was overwhelming—our VIP tent for lunches and the gala night sold out more than two weeks in advance, with a growing waiting list every day.

The four invited teams featured outstanding players, including several Argentinians with a handicap level rarely seen in Gstaad. The quality of play was remarkable, with thrilling horses and brilliant tactics that captivated our audience throughout the weekend.

The gala night was particularly special. We celebrated 10 years of collaboration with my assistant, Solina Mobèche, and to my great surprise, my committee honored me with a gift and a beautiful cake marking my 20 years of organizing the Gold Cup.

The international impact of this edition has already been felt, with coverage not only in the press and across social media but also on television, where the final was broadcast live, including in Argentina.

My team and I are already preparing the 2026 edition, which will take place from August 20th to 23rd. We look forward to welcoming you all again at the side of the field soon!

With heartfelt thanks for your continued support,

Pierre E. Genecand, President
